

The Native Speaker Programme

English at PVS Piaristen, 1080 Vienna

Overview

At the Piaristen school we acknowledge the value of coming into contact with a foreign language at an early age. The English 'Native Speaker' is there to assist teachers in providing a foundation and a familiarity with the English language for the children. English becomes an important part of every child's school experience as part of the wider curriculum, meaning that a wide range of lessons and topics can be assisted in English. This also allows a diverse variety of means including songs, chants, drama, dance, games, to create a positive learning environment.

The Native Speaker Programme (NSP) is an enhanced method of reaching the language targets.
